RESULTS OF BFG ORIENTEERING LEAGUE EVENT No 4 – BORKENBERGE FRI 15 JAN 10

1. Please find the enclosed results from BFG Orienteering League Event No 4 held at Borkenberge West, Haltern on Fri 15 Jan 10. Another successful event with 80 orienteers taking part despite the weather conditions.
2. A huge thanks to 6 Regt RLC who supported the event and in particular, Sgt Parker the main organiser and SSgt Pascoe the assistant and photographer on the day.
3. Due to the snow conditions underfoot, course lengths were reduced by 25 – 30% and small point features were not used in case they were hidden by snow. Therefore, although the physical difficulty of the A Course was close to 5, the technical difficulty was reduced to approximately 4. The top orienteers on the day are the best in BFG and therefore it is considered that the course lengths and difficulty were about right.
4. Apologies for the technical problems with the EMIT printer; hopefully this will not be a problem at future events. The printouts and Control Cards will be held by me until 15 Feb 10 when they will be destroyed. If any individual or Unit has any concern with details of timings, Scores, names, ranks or ages, please contact me soonest and I will investigate.
5. The results are enclosed together with the League individual and team placings up to the 4th event. As can be seen from the results, teams bringing more than 3 competitive orienteers are doing well. With 4 events to go and the League being based on the best 50% of the scores, there is still time to turn around the top placings.
6. The next event is to be held on Wed 3 Feb 10 in the Sennelager area if an organising unit can take on the task. The event following that is the event at Elmpt on Fri 12 Feb 10. Although this is some distance from some 1 Div units, the location is a superb area for orienteering. Flyers will be distributed separately.
