20	Mr	Badham-Thornhill	HQ 145 Bde	106.36
21	Mrs	J Drake	SO	121.12

ORGANISERS/PLANNERS/CONTROLLERS COMMENTS

Many thanks to all for turning out and supporting this event, in total 68 completed the courses, 8 retd/dnf on the B course and 9 retd/dnf on the A course. Fortunately we were, on the whole blessed with cool and dry weather. In reference to the courses, when I agreed to organise the event I initially thought to put on 2 relatively short courses but when I visited the area I got carried away with my planning and with the Scottish 6 day in mind I decided to give competitors more value for their money and doubled the length of the A Course and change the technicality of the B course.

Even though Mychett is increasingly being used as a Military Training Area to meet its operational commitments it is still an excellent area to hold an event with varying challenges in physical, contour detail, and underfoot conditions. Apologies for the couple of dog legs in the first 5 controls and the dodgy vegetation boundary at control 12. At control 12 I found that the 2 blocks of pine within the scattered trees were quite clear to see and on my initial planning survey had no problem picking them out, however with the change of vegetation on the approach to the control site perhaps a map update is required.

Finally WO2 Hunt you left your Ecard at the vehicle I will take the card to the next event, if you are not going to this event please give me a ring on 94261 8215 to arrange a time and place to get it back to you.

Overall it was a pleasure to put on the event.

Axel
